#### Mission Statement

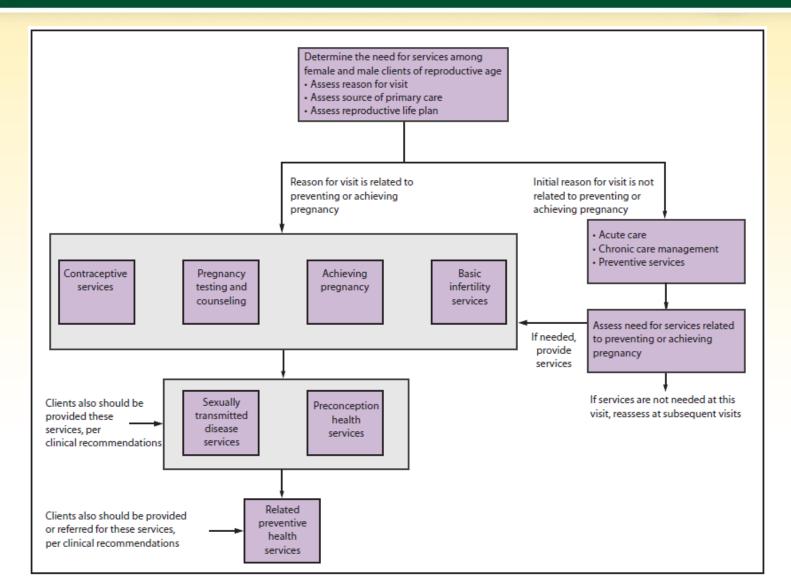

We believe that reproductive and sexual health is an **integral part** of primary care.

Our vision is to remove the barriers that prevent our patients from obtaining the most reliable forms of contraception by having ALL staff at ALL sites committed to providing all forms of contraception, including LARCs.

Reproductive health questions are included in medical model for all patients between the ages of 10-49/59

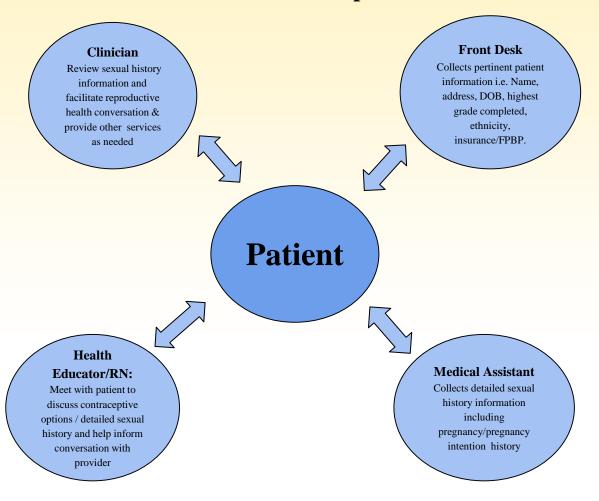

All medical departments participate in family planning medicine

Each provider keeps reproductive life plan in mind with every patient

All aspects of health center are dedicated to QFP Guidelines

Incorporate a medical model by following a clear, concise workflow & utilize the EMR to ensure compliance.

Every patient who enters Morris Heights Health Center is asked the following questions:

- Do you have any children now?
- Do you want to have more children?
- Would you like to become pregnant in the next year?
- Are you currently on birth control?
  - -Contraceptive method PRIOR to visit\_\_\_\_\_
  - -Contraceptive method AFTER visit\_\_\_\_\_

#### Monthly Performance Report Effective Method

#### To achieve a successful integration, we need:

- Senior & Mid-Level Leadership Buy-in
- Cultural shift within the agency
- All support staff, including clinician, buy-in
- New hires & current staff are in tune with sexual and reproductive health
  - Adolescent & LGBT affirming staff
  - Integrate into new hire interview and annual orientation
  - Ongoing staff training
- Appropriate billing
  - Grant funding should be payment of last resort
  - FPBP
  - Sustainability Mindset
- Supplies on hand at all times
