

# New York State Family Planning Training Center

[nysfptraining.org](http://nysfptraining.org)

With funding from the New York State Department of Health, the New York State Family Planning Training Center ([nysfptraining.org](http://nysfptraining.org)) supports Family Planning Program providers to deliver quality reproductive health services through training and technical assistance (TA). The Training Center is managed by JSI Research & Training Institute, Inc. ([www.jsi.com](http://www.jsi.com)).

## Training Center Services

To support Family Planning Program providers, the Training Center:

- Works individually with each provider to understand challenges and successes, and to **link providers to relevant resources and support**.
- Provides the **latest news and updates** through an eNewsletter (Sign up here: <http://eepurl.com/dhL9YP>)
- Facilitates virtual trainings, learning collaboratives, and regional workshops to **equip providers with knowledge and skills** required in their work.
- Organizes an annual provider meeting to **facilitate networking and sharing of best practices across providers**.
- Manages a website ([nysfptraining.org](http://nysfptraining.org)) as a **hub for events and materials**.
- Collaborates with other training and TA providers for DOH-funded programs to ensure activities are coordinated and mutually reinforcing.

## Contact the Training Center

Visit our website ([nysfptraining.org](http://nysfptraining.org)) or email us at [nysfptraining@jsi.com](mailto:nysfptraining@jsi.com).

## Meet the Training Center Staff!

We are passionate about reproductive health and committed to supporting Family Planning Program providers. In addition to core staff, we partner with State and national organizations and consultants to deliver relevant services.
